## Daniels Asks \$11,000,000 To Build 7 New Tenders

Secretary Daniels yesterday addressed a letter to Speaker Gillett of the House of Representatives requesting an appropriation of \$11,000,000 for the completion at Hog Island of seven tenders, which are vitally needed by the navy as portable bases for seaplanes and destroyers. Because of the curtailment of the building program at the Hog Island yards, the navy will get only one of the eight tenders it expected. By the end of 1920, according to Daniels, the navy will have 28 large destroyers and twenty-one 750-ton destroyers. One tender is necessary for every eighteen destroyers, and sixteen will be needed during 1920. The navy now has only seven tenders. Secretary Daniels said that if the material now on hand at Hog Island were taken to nearby shipyards, the cost of constructing the seven tenders would be \$14,000,000 and if no use were made of the material, the cost for seven new and complete tenders would come to \$23,000,000.

**Car Injures Colored Woman.**  
An unidentified colored woman, about 60 years old, was knocked down by a street car at Seventh street southwest, near H street, last night. She was sent to Emergency Hospital where, it was found, she had sustained concussion of the brain. Her condition is serious.

## Y. M. C. A. Finds 150 Homes for Ship Clerks

E. M. Davis, secretary of the housing bureau of the Washington Y. M. C. A., turned over to the United States Shipping Board yesterday an additional list of 150 rooms in the District for the use of the Emergency Fleet Corporation clerks who soon will arrive here from Philadelphia. This makes a total of 345 rooms the association has secured. The housing bureau is one of the activities of the "Y" for which it is now asking the public to contribute to a fund of \$25,000. More than \$15,000 has been obtained.

## From Law to Music Easy Step for Justice Siddons

From legal decisions to a discussion of harmonics is quite a large step. But Frederick L. Siddons, Associate Justice of the Supreme Court, will probably negotiate it successfully when he addresses the City Club luncheon forum on the place of music in the civic life of Washington. Justice Siddons is much interested in the development of musical talent and musical appreciation here and believes that Washingtonians, when the matter is presented to them properly, will see that a movement for wider musical developments here will be to the interest of the community at large.

## William Laney to Be Tried On Murder Charge Soon

William Laney, colored, will be placed on trial in Criminal Court No. 1, before Chief Justice McCoy, of the District Supreme Court, February 16, for the murder of Kenneth Crail.

It is alleged that Laney shot and killed Crail about 11 p. m. July 21 last, during the race riots. First degree murder is charged. Assistant United States District Attorney James J. O'Leary will represent the government.

## GORE CO. SAFE FOUND EMPTY

Receiver Thyson Fails to  
Get Light on Broker's  
Operations.

W. F. Thyson, appointed by the New York courts as receiver for O. H. Gore and Company, H street brokers against whom bankruptcy proceedings have been instituted locally, was unable yesterday to locate either Ollie H. Gore or Jacob Shapirio, partners in the firm, according to his declaration. Thyson directed the opening of a safe in the offices in the hope of obtaining information useful in the proceedings, but it was bare, he said. No more success has attended efforts of the law firm of Darr, Whiteford and Darr, representing claimants, to get in communication with the two brokers, the attorneys declare. The New York headquarters of Gore and Company were inspected by Sifton Darr and Thyson without result. Several former employees of the firm have questioned Thyson and Charles W. Darr as to their pay but were told nothing could be done for them, temporarily at least. An order restraining the Union Trust Company from paying any funds, although they may be on deposit, to Mrs. Ollie H. Gore has been issued by Chief Justice McCoy, of the District Supreme Court, on information furnished by Thyson and lawyers for claimants.

## CALDER BILL COUPLE'S HOPE

Congress Must Remove Il-  
literacy Test Before Sol-  
dier Can Take Bride.

By Herald Leased Wire.  
New York, Feb. 6.—Wedding bells for Alfonso Mastrodì, of Yonkers, American citizen and war hero, and Maria Iacominì, illiterate Italian girl held at Ellis Island for deportation, are being held up pending the passage by Congress of Senator Calder's bill to exempt from the immigrant literacy test the fiancées of soldiers. Maria could neither read nor write when she landed November 28. Since then her fiancé has taught her to write but she does not seem to make much progress in reading. She could not read the thirty or forty words set forth in the immigration rules as a test. The law exempts a relative from the immigrant test but officials could find no ties between Alfonso and Maria—yet. As they cannot be married until she is admitted to this country their only salvation will be the passage of Senator Calder's bill. Alfonso has not missed a day calling on her since she landed.

## POWERS WILL LET POLES MAKE PEACE

Paris, Feb. 6.—Neither France nor Britain will take any steps to prevent Poland from making peace with Soviet Russia, the Temps says it learns from a reliable source. France, the paper adds, will send aid to the Poles if they are attacked by the Russian Reds. Britain is said to have told the Warsaw government that the responsibility of making peace rests solely with Poland herself.

## Hanging of C. R. Webster Deferred Till March 16

The execution of Charles Ross Webster, 42 years old, who was to be hanged Tuesday at the District jail for the murder of Richard Duval, 15, near Brookland, was postponed yesterday upon motion of counsel for the defense until March 16. Webster's attorney will seek commutation of the death sentence by the President, it was stated.
